DEVELOPMENT FUND – APPLICATION FORM

At the 2023 Annual General Meeting the SIBA announced that they would be putting in place a fund to support Development work of clubs during the coming season.

This fund allows clubs to apply for Grants of £250-£500 to support any project that they wish to try to develop the sport in Scotland that specifically have a goal to try and attract new players to the Indoor sport.

Clubs are asked to make a funding application to the SIBA Executive Committee who will then award funding to the projects that they see as having the best prospect of success or for the clubs with greatest need at this time.

The funding provided should not be used on direct Rink Fees towards a club staging an event.

The 2023 Development Fund is now open for Applications and the first application phase will close on Thursday 31st August 2023.

Please submit this form by E-Mail to Gordon Woods at gwoods.siba@gmail.com by no later than 12pm on Thursday 31st August 2023.

The template form accompanies this information but should a club wish to submit their application in a different format then they are able to do so but this should be emailed to the above address within the same timescales.

Clubs will be informed if they have been successful in their application within two weeks of the closing date of the application phase.

Once an Application has been received the SIBA reserve the right to contact the individual making the application if they require further information before making their funding decisions.

Depending on the demand of applications, the SIBA may offer a partial funding of a project and in such circumstances will contact any applicant before funding has been awarded.
